POSSESSION OF PREMISES

Summary Court Claim

A claim for recovery of possession of premises known as No. 98 Laichkrok Road, ground floor, was brought against the tenant, the Kai Chan Firm, by Wong Fat, the landlord, before Mr. Justice E. H. Williams, Acting Pulane Judge, at Summary Court yesterday. Mr. E.S.C. Brooks appeared for plaintiff.

After defendant had claimed that he had been allowed to stay at an increased rental of \$3 per month, His Lordship adjourned the case till June 17.

At the outset His Lordship said: If this is a dwelling house it would come under the Prevention of Evictions Ordinance.

Questioned, defendant said the premises were used as an eating-house.

His Lordship: Then it does not come under the Ordinance.

Defendant pleaded that though he had been given notice to quit, expiring on May 13, on April 14, when the rent-collector was paid, he agreed to let him (defendant) stay on by paying an increase rent of \$3 a month. This rent collector was Wong Fat. Originally the rent was \$30 and it was subsequently increased to \$40.

Although he agreed with Mr. Brooks that defendant's story was improbable, His Lordship ordered the adjournment and Wong Fat is to be called at the next hearing. An order was also made for mesne profits of \$40 to be paid into court within five days.

Defendant: I will pay it in today.

CASE SETTLED

The case of Woo Cheung Yat Ping v. Punjab Store, adjourned from last week, had been settled. It was announced by Mr. M. A. da Silva, who represented defendants. Mr. S. Ng Quinn was for plaintiffs.

TRAFFIC CASES

Mrs. P. de Robeck was fined \$10 by Mr. Butters at the Central Court yesterday for causing an obstruction by parking her car outside the Sun Company on May 11.

Traffic-Sergt. Sargent prosecuted.

A similar fine was imposed on I. P. Tamworth, who pleaded guilty through Mr. D. B. Evans, to a summons for failing to report a traffic accident which occurred on May 13 at Garden Road. A summons for driving without due care and caution was withdrawn owing to the absence of the complainant.

Three foreign residents of the Colony appeared yesterday before Mr. Macfadyen at the Kowloon Magistracy on charges of violation of Traffic Regulations.

A fine of \$5 was imposed on S. E. Edger, of Holland House, for driving along Nathan Road at 12 p.m. on May 2 without the two front lights necessary to show the width of the car. Defendant's representative pleaded guilty.

ACCIDENT AVERTED

F. T. Chambers was fined \$25 for dangerous driving.

Sgt. Bethell, prosecuting, stated that he was proceeding along Nathan Road in a North to South direction when, approaching Kimberley Road, defendant who was proceeding in the opposite direction cut in front of him into Kimberley Road. To avoid collision, the complainant had to brake hard and swerve to the right. Had complainant been a less experienced driver, a bad accident would have very probably resulted.

Norman Lee, of Essex Crescent, was fined \$5 for carrying a passenger without the proper seating facilities.

EURASIA AIR FARES SLASHED

Reductions in passenger fares and freight rates were announced by the Eurasia Aviation Corporation yesterday. Henceforth, the fare from Hong Kong to Hankow or vice versa will be \$245, and from Hong Kong to Changsha or vice versa \$185.

The services are also to be speeded up, and instead of four flights a week a daily service will be put into operation.

HAWKERS FINED

Six hawkers of ice cream and jellies were fined \$3 each by Mr. H. R. Butters at Central Court yesterday when charged with breach of the Emergency Cholera Regulations.

SERIES OF RAIDS IN YAUMATI DISTRICT

Opium And Heroin Divans

Following on a series of raids carried out under the direction of R. O. Warden on the evening of May 26, six Chinese appeared before Mr. Macfadyen at the Kowloon Magistracy yesterday, of whom four were sentenced and two remanded for one week.

Leung Tsuen, 28, was tried on three charges of possessing 12 taels of prepared opium, keeping a divan, and possession of a divan with facilities for both opium and heroin smoking. Fines totalling \$160 or four months' imprisonment, in default, were imposed on the first two charges and sentence of nine months' imprisonment was imposed on the third charge.

Chan Ham, 33, was sentenced to 12 months' hard labour for possession of 2,168 heroin pills and for keeping a heroin divan.

Li Ti, 28, was fined \$150 and sentenced to 9 months' imprisonment on three charges of having prepared opium in his possession, having 671 heroin pills, and keeping a heroin and opium divan.

Wong Kau, 30, was sentenced to 6 months with hard labour for keeping an opium and heroin divan.

The raids were all carried out in the region of Temple Street and Hamilton Street, Kowloon.

WITHDRAWAL OF VOLUNTEERS FROM SPAIN

Soviet Agrees To Method To Be Adopted

RESERVATIONS MADE

London, June 3.

At today's meeting of the sub-Committee of the Non-Intervention Committee, the Soviet representative intimated that the U.S.S.R. Government had now agreed to the method to be adopted by the Committee.

Several reservations have been made, however.

Soviet Russia will agree to the methods of counting and classifying foreign volunteers and the date set for the restoration of international observation on the Franco-Spanish frontier, provided that, if the actual withdrawal of volunteers did not start on the prescribed date, there would be no further extension of the period in which such observation would be enforced.

The Soviet acceptance of the proposals was also subject to the provision that the Committee agreed to international observers being permanently stationed at all Spanish ports.

The sub-Committee adjourned until June 10.—(Reuters).

UNDERGROUND RAIL CRASH FINDINGS

London, June 2.

The inquest on the six victims of the Underground collision on May 17 concluded today with the verdict that the accident was due to the serious negligence of Arthur George Reer, chief linesman, and the contributory negligence of Arthur Walter Foskew, foreman at Temple Station.

In neither case, however, did it amount to criminal negligence.

The mistake made by the man who did the wiring before the accident amounted only to an error of judgment.

The jury highly commended the courage and presence of mind of the driver of the stationary train involved in the accident, and expressed deepest sympathy with the relatives.—(Reuters).

TRESPASSING ON MILITARY GROUND

Li Shing, unemployed, was fined \$25 or one month's imprisonment by Mr. H. R. Butters at Central Court when he was charged with trespassing on military ground near the General's House on Thursday night.

Defendant said he was watching people dancing when a watchman arrested him and accused him of stealing.

CATHOLIC NEWS AND NOTES

WHITSUNTIDE

Whit Sunday has almost eclipsed Whit Sunday in the present day, but the Sunday, which is the Feast of the Coming of the Holy Ghost, is one of the greatest in the Catholic year. The present name, which is a contraction of "White" Sunday, arose because it was a time at which many used to be baptised and came dressed in white to the Church. The official name is even more prosaic, for Pentecost simply means "fiftieth," as it is the fiftieth day after Easter.

The liturgy of the Church at this time contains two remarkably beautiful Latin hymns, the Veni Creator and Veni, Sancte Spiritus, both addressed to the Holy Spirit. The latter of the two is included in the Mass of the time.

The festival actually coincides with an important old Jewish festival, second only to the Festival of the Pasch, just as Easter, the greatest of Catholic festivals, has replaced the Paschal feast, which was celebrated on that day. The Jewish festival which occurs at this time is of harvest time and marked the end of the Paschal period. It also commemorated the giving of the commandments to the Law to Moses on Mount Sinai.

The baptism of new converts very often takes place at this time, and it is a common time for the conferring of the Sacrament of Confirmation, which recalls in sacramental form the actual descent of the Holy Ghost.

In Hong Kong the Bishop will confer the Sacrament of Confirmation in the Catholic Cathedral on Whit Sunday.

EMBER DAYS

The Old Jewish festival of the harvest has an echo in the Ember Days of the Catholic Church, though it is not clear that there is any connection between the two. Ember days occur four times in the year, one of the periods being the Wednesday, Friday and Saturday of Whitsun week. The last previous occurrence was at the beginning of Lent.

At that time a request was received at Westminster Cathedral from one of the newspapers, for "permission to photograph the blessing of the fire on Ember Day," the word X evidently suggesting "embers." There is no fire, however, on these days, for the name has nothing to do with embers,

though both are derived from Anglo-Saxon words.

The institution of Ember Days at this time of the year was fixed by Pope Gregory Hildebrand, one of the greatest of the Popes and one of the most remarkable men of the Middle Ages.

ST. STEPHEN OF HUNGARY
During the past few days mention was made in the papers of celebrations in Budapest in honour of St. Stephen, the nine-hundredth anniversary of whose death occurs this year. This was Stephen I, the first Christian King of Hungary, and the Apostle of that country.

He was the son of Geza, prince of the Magyars, who was one of those men that are found from time to time who are years in advance of the others of their race. Stephen married the sister of the Emperor Henry II, and after ruling for some time as Duke, secured the crown of Hungary for himself in the fateful year of 1000. He was given the title of the Apostolic King, and he gave his country a Christian Constitution, ruled it wisely, and resisted attacks from neighbouring countries and rebellions from within, with firmness, but after the revolt showed a clemency which was unusual in that age.

He is a great national hero as well as a saintly patron.

THE CITY OF LINZ

If the rumours from Europe come true and the capital of Austria is transferred from Vienna to Linz, which would be more convenient as an administrative centre, the new capital will have none of the historical dignity and interest of the old one. It was only in the eighteenth century that Linz became even the head of an ecclesiastical diocese, but it is since the bishopric was instituted that the city began to make progress.

It has numerous industries now but the population of the city proper is not much above 50,000. Its new cathedral, of late Gothic design, was completed only fifty years ago, and it is one of the finest Gothic buildings of the last century. The city is exceptionally well equipped in the matter of schools and social organizations, and much of its development is due to a remarkable Bishop, Mgr. Rudiger, whose organising power transformed the Catholic life of the city.

THE SERVICES

ROYAL NAVY

TRIALS OF THE KENT

The cruiser Kent, Captain L. H. Ashmore, was commissioned at Chatham on May 24 for trials after large repairs, and later went down to Sheerness. If the trials are satisfactory she will return to Chatham to prepare for commissioning with a full crew on June 30 for further service as flagship on the China Station in succession to the Cumberland. She will probably leave England for China about mid-July.

The Kent has been in dockyard hands since Jan. 1937, and about £582,000 has been spent upon her overhaul. The Cumberland, Suffolk, and Cornwall of the same class, had previously undergone large repairs, and when the Berwick, now in hand at Chatham, is completed, all the class will have been modernized. The alterations have included the fitting of extra armour, the increase of the 4in. anti-aircraft armament, the removal of the torpedo tubes, and provision for three amphibian aircraft instead of the former single seaplane.

WAR MADE WEALTHY CHINESE A BUTLER

Former £1000-a-Year Man Admits Forgery

A £1000-a-Year Chinese until last year who was forced to accept a job as a butler after the outbreak of the Sino-Japanese war blamed the conflict for his downfall when he was sentenced to nine months' imprisonment for forgery at the Old Bailey, London, recently.

Shin Hong Ma, 28-year-old cultured son of the managing director of a million pound finance house in China, stood with bowed head in the dock and pleaded guilty to forging and uttering cheques belonging to his employer, Mr. Charles Edgar Forman, stockbroker, Mayfair, London, and Mr. Wainwright Abbott, American Consul at Hamburg.

Until the invasion of China by Japan, Hong Ma was earning £1000 a year as the London manager of his father's business.

With the outbreak of hostilities the London office was closed down, and Hong Ma found it necessary to enter service as a butler.

Hong Ma asked that ten cases of obtaining goods on approval and pawning them should be taken into consideration.

Hong Ma, it was stated, stole, forged, and uttered three of Mr. Forman's cheques and three

cheques belonging to Mr. Abbott, who was a guest at Mr. Forman's house. Money was obtained with the cheques in each case.
When seen by the police Hong Ma said: "I am in great financial difficulties because of the war between China and Japan."
"I apologise to Mr. Forman for giving all this trouble. I hoped my money would come through from China so I could pay all this back."
Hong Ma, who was born in Hong Kong, and was a British subject, had not been in trouble before. He was married, with two children. Mr. James Burge, defending, said the Chinese did not like to attend court or have anything to do with an offence where dishonesty was concerned.
There were two Chinese, he added, who were prepared to say through a solicitor that they were willing to help Hong Ma and give him employment.

BABY GIRL BORN TO GOERINGS

Subtle Campaign In Drugs Carried On For Years

SOME ASTONISHING FACTS

Hankow, June 3.
Japan's poison campaign in China with narcotic drugs is related in a joint manifesto issued by the Central Publicity Department and the Military Affairs Commission's Political Department on the occasion of National Opium Suppression Day yesterday.

Despite the effort of the Chinese government to stamp out this evil, the declaration says, it confronts immense difficulties because of Japanese intervention, as Japanese imperialism is determined to transform China into a land of weaklings by means of drugs.

Referring to the various measures taken and regulations promulgated by the government for the subjugation of the drug evil, the statement declares that China's avowed goal would not have been so difficult to attain if Japan had abstained from interfering.

The vast Japanese drug trafficking systems, which were the curse of Manchuria, North China, south Fukien and other places, the manifesto points out, were open secrets long before the outbreak of the Mukden Incident in September, 1931.

With the fall of Manchuria and Jehol, Japan's poison campaign was further intensified and the provinces of Jehol and Heilungkiang are now the paradise of poppy growers.

POPPY CULTIVATION

According to a League report, the statement points out, a total area of 177,750 mow in Manchuria, excluding Heilungkiang, is now devoted to poppy cultivation.

In the province of Jehol alone, it is revealed, more than \$3,000,000 in opium tax has been realised during the past year.

Openly encouraged by the authorities, opium dens have enjoyed mushroom growth, the statement states. According to figures released by the Japanese, a total of 13,000,000 drug addicts have been registered with the authorities last year, covering no less than one-third of the entire population of Manchuria.

WHO TOLD YOU THAT?

"Most interesting," breathed sweet young thing to the motor-car salesman, "and now do show me the depreciation please, I hear it's heavy in these cars."

"As a matter of fact, madam," enthused the opportunist, "we found it a source of worry and had it removed altogether."

U.S. PROPERTY IN CHINA TO BE RESTORED

Japan Agrees To Meet Demands

Washington, June 3.

The Department of State announced today that Japan had agreed to meet almost all of the demands for the restoration of American property in China to its rightful owners.

Japan, further, will not hinder the return of Americans to their properties.

The Shanghai University properties have been returned to the Southern Baptist Missionary Society, and the Japanese military authorities have agreed to allow the return of American missionaries to Nanking, which has been closed to all foreigners since its capture in December. Ten passes are being issued to the missionaries who had to evacuate the city.

The Japanese Foreign Office has informed the American Ambassador in Tokyo that Japan is sending an Inter-Departmental Committee to visit the areas under Japanese control in Central China, in order to investigate the situation with regard to occupied American property and to formulate means for a satisfactory adjustment of the situation. (Reuter).

IMPORTANT NEW POWERS CONFERRED ON TRADE BOARD

Food Storage Essentially A Question For Defence

POLICY AIM IS NOT PREVENTIVE, MR. STANLEY TELLS COMMONS

London, June 2.

Today's business in the House of Commons was devoted to the Essential Commodities Reserved Bill which confers important new powers on the Board of Trade and gives retrospective authority for purchases already made by the Government of wheat, sugar and wheat oil for storage against national emergency.

Moving the second reading, Mr. Oliver Stanley, President of the Board of Trade, said there was no dispute as to the desirability of Government being in a position to accumulate stocks of essential commodities for use in possible emergency. Service departments were already entitled to bear upon their votes accumulation of reserves of petroleum, or other minerals, for use of the Services, and the Bill gave similar privileges to the Board of Trade in respect of commodities for the civil population.

Food storage was essentially a defence question, and as such, must in principle fall within the functions of the Minister for Co-ordination of Defence, but the Board of Trade was obviously more closely in touch with the commercial interests and more conversant with the commercial methods which would have to be used in the execution of a policy when it had been once decided.

The schedule of the Bill provided that commodities, which might be declared as essential, were limited to foodstuffs storage for animals, fertilisers and petroleum. Further legislation would be necessary to add to the list.

The reason why Government had decided to confine the Bill to types of commodities that were absolutely certain to be required in an emergency, was in order to minimise disturbance which the taking of these unusual and important powers might have upon normal business.

The President of the Board of Trade gave the House some details of transactions already carried out. He added that no further purchases of any of these three commodities was at present contemplated. The aim of the food storage policy was precautionary and not preventive, and proposals of the Bill must be viewed in that perspective. It was impossible to make the country independent of outside supplies, except for a short period, and the first line of defence against shortage was to ensure continued command of the sea. Able-Bodied Men To Remain

Madame Sun Yat-sen has sent a letter to General Wu Te-chen, Chairman of the Kwangtung Provincial Government urging him to prevent Chinese able-bodied men in the province from coming to Hong Kong, according to a report in yesterday's Lih Pao.

She suggested that these men should be given military training in preparation for defence of the province, says Central News.

FOOT ITCH

Athlete's Foot

According to the Government Health Bulletin No. E-28, at least 50% of the adult population of the United States are being attacked by the disease known as Athlete's Foot.

Usually the disease starts between the toes. Little watery blisters form, and the skin cracks and peels. After a while, the itching becomes intense, and you feel as though you would like to scratch off all the skin.

BEWARE OF IT SPREADING

Often the disease travels all over the bottom of the feet. The soles of your feet become red and swollen. The skin also cracks and peels, and the itching becomes worse and worse.

Get rid of this disease as quickly as possible, because it is very contagious and it may go to your hands or even to the under arm or crotch of the legs.

Most people who have Athlete's Foot have tried all kinds of remedies to cure it without success. Ordinary germicides, antiseptics, salve or ointments seldom do any good.

HERE'S HOW TO TREAT IT

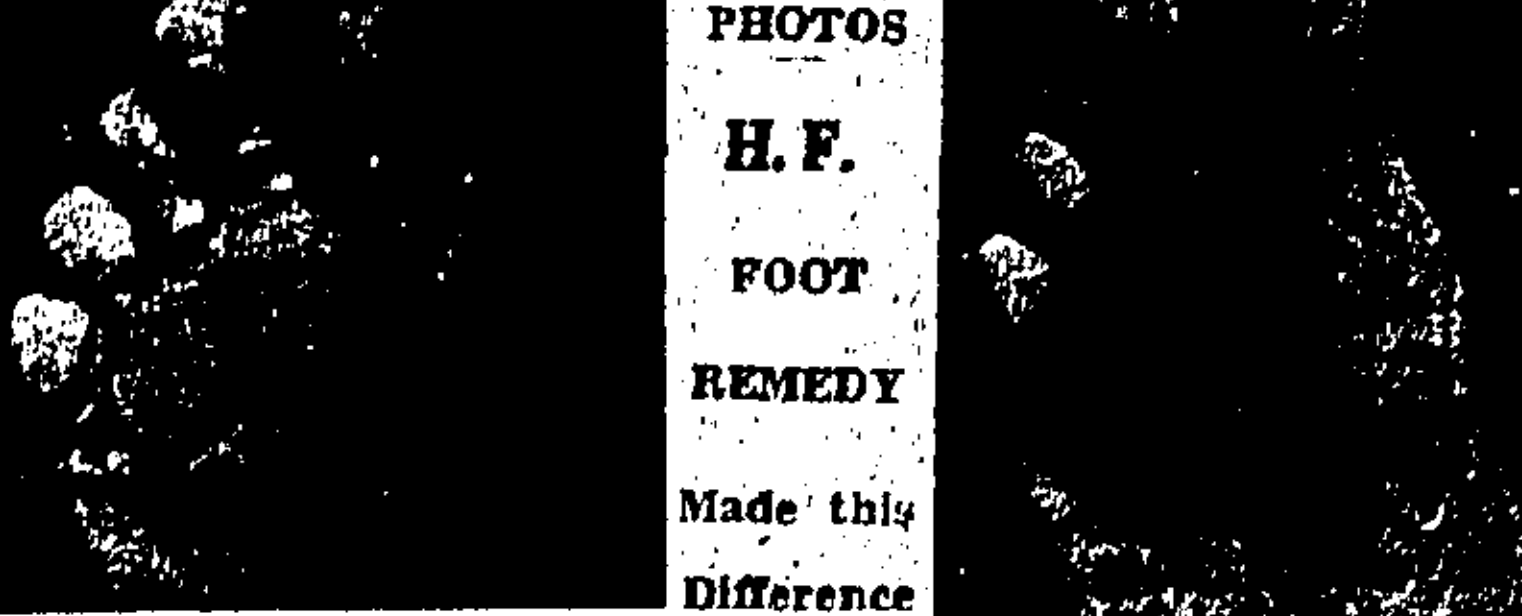

The germ that causes the disease is known as Tinea Trichophyton. It buries itself deep in the tissues of the skin and is very hard to kill. A test made shows it takes 15 minutes of boiling to kill the germ; so you can see why ordinary remedies are unsuccessful.

H. F. was developed solely for the purpose of treating Athlete's Foot. It is a liquid that penetrates and dries quickly. You just paint the affected parts. It peels off the tissue of the skin where the germ breeds.

ITCHING STOPS IMMEDIATELY

As soon as you apply H. F. you will find that the itching is immediately relieved. You should paint the infected parts with H. F. night and morning until your feet are well. Usually this takes from three to ten days, although in severe cases it may take longer or in mild cases less time.

H. F. will leave the skin soft and smooth. You will marvel at the quick way it brings you relief, especially if you are one of those who have tried for years to get rid of Athlete's Foot without success.

Secret recipes do not exist...

Mild, aromatic, stimulating, refreshing. - Yes, there are cocktails and "cocktails". Nevertheless they are practically made everywhere to the same recipes. The difference lies less in the mixing than in the gin. Just try a bottle of Silver Top Dry Gin and mix a Martini! Or ask for once at the bar for your drink mixed with Bols Gin (although your barman will probably be using it already). That will be the best proof! Bols Gin gives your cock-

tail a certain character which makes just the difference between the usual and perfection, between a "cocktail" and a "cocktail as it should be". NB Bols Silver Top Dry Gin is the purest Gin on the market. It has been awarded certificate No. 4092 by the Institute of Hygiene, London. The standard of purity and quality.

FOUR MEN HAVE NARROW
ESCAPES WHEN PLANE
BURSTS INTO FLAMESDorado Catches Fire At
Kai Tak Few Moments Prior
To Leaving For Bangkok

TRAPPED in the Imperial Airways plane, Dorado, when the machine
burst into flames just prior to taking off for Bangkok from Kai Tak
at 8 a.m. yesterday, one passenger, two mechanics and the second
pilot had narrow escapes from incineration.

Fortunately the fire brigade was standing by and extinguished
the flames before more than the fabric on the left side and the
centre under-section of the plane were burned.

Cut off from the doorway by
flames, the passenger—Mr. W. K.
LeCount—and the mechanics
managed to escape through the
hatch on top of the plane, while
the second pilot—First Officer N.
R. Cash—jumped out through a
window in the cockpit after he
had turned off the motors.

Passengers' baggage, the mail
and packages, including several
feet of film, were not damaged
and will leave by the Daedalus
this morning.

CAUSE OF FIRE

The fire was caused by a blow-
back in the carburettor which
ignited the fabric close to the
exhaust outlet.

Approximately five minutes be-
fore the takeoff, First Officer
Cash was at the controls warming
the engines. Captain J. L. White,
who was in command of the
Dorado, Mr. R. M. C. Dobbs, an
Imperial Airways official, and Dr.
Probst, a passenger, were pre-
paring to enter the plane.

Suddenly sparks flew from the
exhaust pipe and a sheet of fire
ran down the left side of the
Dorado from wing to tail, en-
veloping the doorway to the pas-
senger compartment in flames.

As the men inside leapt to the
ground, spectators scattered in
fear of an explosion, but the fire
brigade, with water and chemi-
cals, soon subdued the outbreak.

REFUGEES
WITHOUT

On Thursday, when the steamers
Taishan, Kwong Sai, Tin Yat and

from Canton, they brought with
them about 5,000 refugees, about
one hundred of whom were de-
tained on grounds of not having
the required \$20 on them in order
to satisfy the Police authorities.
The detained refugees were taken
in Police custody.

At present there are 328 re-
fugees in the Tung Wah Hospital,
598 in the Old Victoria Gaol and
1,462 in the Government Civil
Hospital.

The former Kowloon Magistracy
has been opened for the accom-

CHINA'S FIRM
DETERMINATION
TO RESIST THE
JAPANESESTATEMENT BY
DR. SUN FO

Copenhagen, June 3.
China's firm determination to
continue the resistance till the
victory has definitely been won,
was stressed by the President of
the Chinese Legislative Yuan, Dr.
Sun Fo, who arrived here on his
way from Russia to Western
Europe.

Dr. Sun Fo added that China
would fight till the last Japanese
soldier left Chinese soil.

A country of China's enormous
dimensions cannot be conquered,
he declared. A new China would
arise from the conflict, in which
all classes of the population would
fight for the defence of national
freedom.

Dr. Sun Fo refused to disclose
the purpose of his visit to Russia
and the other countries of Europe.

Dr. Sun Fo will leave Copen-
hagen on Friday by plane for the
Netherlands where he will embark
for China, with the other members
of the Chinese delegation.

TAKING GUN TO
CANTON FOR
SELF-DEFENCE

A fine of \$50, in default, one
month's hard labour, was imposed
by Mr. W. J. Lockhart-Smith at
the Kowloon Magistracy yesterday
on Cheung Shing, unemployed, for
having in his possession on May 30
at Tsim Sha Tsui, Kowloon, at the
Canton-Kowloon Railway station
an automatic pistol and sixteen
rounds of 25 calibre ammunition.
Defendant had no licence.

Appearing for the defendant,
Mr. F. X. d'Almada pleaded that a
light sentence be passed as defend-
ant was about to leave for Can-
ton when he was arrested and,
consequently, could not use the
pistol for an unlawful purpose in
Hong Kong. Defendant stated
that he was carrying the pistol to
Canton for purposes of self-
defence.

Sgt. Parker, of the Water Police,
prosecuted.

CHINA HELPED
BY MORE U.S.
SILVER BUYING

London, June 3.
"Now we know where we stand," said a City financier today, voicing general welcome to the extension of the American purchases of Chinese silver. He expressed the hope that the agreement would tend to strengthen Chinese exchange.

The Times says that, as pressing as was the Chinese need for some such arrangement in 1936, it is now doubly so. The extension of the agreement should be of great assistance to the Chinese Government in its effort to maintain exchange under the strains of war, and also remove the contingency of forced sales of silver by China in the world market. TIN QUOTA CUT
WELL RECEIVED

London, June 3.

The Tin Quota cut is generally accorded a good reception in market circles, but few are disposed to venture an opinion on its effects, upon the relation of production and consumption until it is announced what percentage is to be segregated for the purpose of formation of buffer stock.

Meanwhile, the fair volume of liquidation of stocks accumulated prior to the announcement has been well absorbed, and the majority of tin brokers consider the market's reaction quite satisfactory. (Reuter).

"WHITE-WASH"

WITH THE whole world horrified by the Japanese excesses and most of the nations lodging protests against the wanton bombing of civilians, it seems rather strange to find a publication, issued in the English language, devoting space to an article which attempts to justify the barbaric behaviour of the Japanese invaders.

However, in an editorial in the latest issue of Oriental Affairs, a Shanghai journal which claims to keep to "the middle of the road" in its discussions on Far Eastern events, the Japanese slaughter of civilians is condoned on the grounds that the Chinese have resorted to guerrilla tactics.

For this reason, the editorial declares, the Japanese have every right to treat Chinese civilians summarily as highway robbers or pirates.

The tone of the article indicates that the writer is rather aggrieved that the Chinese should ever consider using guerrilla tactics and he warns the National Government that it must be prepared for the consequences.

BUT IT would seem that this writer has strayed somewhat off the track in his efforts to fasten the blame for the outrageous actions of the Japanese invaders on to the use of guerrilla methods by the Chinese.

Actually there is no connection between these two aspects of the Sino-Japanese hostilities.

The Chinese guerrillas are well aware that if they ever fall into

the hands of the Japanese they will receive no mercy, and they expect none.

But to describe the slaughter of innocent civilians and the raping of women as legitimate retaliation against the attacks of guerrilla bands is to stretch facts a bit, too far.

Chinese guerrillas have been operating to the great discomfort of the Japanese in Shansi and north Honan but that is no reason why the Japanese should have sought revenge by bombing civilians in Canton and machine-gunning refugees as they tried to escape from Amoy.

LONG BEFORE the Chinese had decided on large-scale guerrilla activity as the best method of defeating the Japanese invasion, the world was horrified by the Japanese atrocities.

These atrocities are still being perpetrated and no amount of argument can justify them merely because the Chinese have adopted a method of warfare which is ideally suited to conditions in China.

"Most Governments have taken the view that reprisals, which may extend to the civilian population and include the burning of towns and villages are justifiable as a means of securing observance of the laws of war in the future," states Oriental Affairs.

"If, for example, regular troops are ambushed and slain by un-uniformed men, whose identity cannot be discovered, most military commanders would consider it justifiable to take drastic measures to warn the local inhabitants against the repetition of such actions."

That may be so, but even the most military-minded person would find it hard to reconcile the term "drastic measures" with the raping of women and the bayoneting of children.

IN FACT, any properly-trained officer would realise that actions such as this, far from cowering the civilian population, would only rouse the guerrilla bands to greater activity.

The editorial recalls that during the Boer War the British authorities considered that the only effective method of dealing with guerrilla warfare was to remove non-combatants from the areas in which it was being waged to concentration camps but adds that this would not be possible in China because of the dense population and the vast territory involved.

The writer might have pointed out that this policy was practicable in South Africa only because of the good discipline of the British troops and the problems caused by looting and violation of women did not occur.

"White-washing" is the term used when attempts are made to throw a favourable light on matters which cannot bear too close scrutiny, but it will take more than words to wipe out Japan's black record in the present hostilities.

What Our
Readers SayJAPAN'S BLUFF
CALLED

[To the Editor, The Hong Kong Daily Press]

Sir—A gentleman whom I met in Canton recently at a luncheon party gave me such illuminating facts regarding the insidious aim of Japan to subjugate and ultimately annex China that I feel warranted in seeking the courtesy of your widely read columns to disclose the determined policy adopted by the Japanese Premier Okubo in the late seventies. He was subsequently granted the usual fate of Japanese Premiers and assassinated just inside the Sakuradamon, one of the gateways of the most round the Imperial palace.

I learned that the Tungwen College at Siccawei, Shanghai, was established by Okubo for the express purpose of enabling Japanese youths to acquire a proficiency in the different dialects of China, and this accomplished, these individuals were under orders from their Consulate to proceed to the interior of China, where they had to adopt a Chinese name, take a Chinese wife, and in future pose as genuine Chinese citizens.

As this nefarious stealthy game has been going on for something like sixty years, it is not difficult to conjecture the aggregate number of these wolves in sheep's clothing who have all this time been masquerading as patriotic Chinese and deceiving the world in that guise to clamour for autonomous centres of administration whilst claiming a right to be dissatisfied with the legitimate Government of China.

Many of the progeny of this mysterious army of evil-minded aliens propagating the precepts of their Tokyo masters have occupied official positions in different parts of China, even rising to administrative authority, where the inherent duplicity natural to the Nippon race has been conspicuously shown, and full scope exhibited in efforts to educate all China to accept their claim of Japan being superior, invincible and cultured.

To my mind it is a sad reflection that the attitude of the Western Powers at this crisis, can be accepted as testimony that they have swallowed the bluff and deception so ably administered.

To be fair one must admit that Japan has been given justification to imagine that a bold display of an uncompromising front was sufficient to make the entire world submit to her dictates.

Is the valiant Chinese army to be the solitary instance of this amazing bluff being called?

HOUSING PETITION

[To the Editor, The Hong Kong Daily Press]

Sir—I have today received from the Honourable the Colonial Secretary a letter dated 2nd June, 1938 in reply to my letter of the 20th May, 1938, forwarding a petition to Government on the subject of evictions.

I enclose a copy of that letter and my reply thereto.

Please be so kind as to publish the enclosures for the information of the signatories to the petition and oblige.

Yours faithfully,
J. P. BRAGA.
Colonial Secretary's Office,
Hong Kong,
2nd June, 1938.

Sir—I am directed to refer to your letter of the 20th May, 1938, forwarding a petition on the subject of evictions which was acknowledged by my note of even number dated the 21st May, 1938.

As you are no doubt aware legislation on this subject has on the 1st of June, 1938 been passed through all its stages.

Your obedient servant,
I am, Sir,
(sd.) N. L. SMITH,
Colonial Secretary.

J. P. Braga, Esq.,
Hong Kong.
3rd June, 1938.
Sir—I have the honour to acknowledge with thanks the receipt of your letter of the 2nd June, 1938, No. 5866/38 with reference to my letter of the 20th May, 1938, forwarding a petition on the subject of evictions which was acknowledged by your note of the 21st ultimo.

FRANCE'S FUEL
SUPPLYUnified Control
Instituted

Paris, June 3.

A special committee for dealing with the national fuel supply has been appointed by M. Guy Camille, French War Minister. It will be presided over by the War Minister himself.

Representatives of the French Ministries for Air, Marine and Labour, as well as the Secretary of the Supreme Council for National Defence, will take part in the Committee's deliberations.

According to a statement issued by the War Ministry, motorisation of the French Army and increase in the strength of the Naval and Air forces have made the question of fuel supply one of the most important problems of national defence, necessitating unified control. (Transocean).

ALLEGED ATTACK
ON WOMEN

As the result of an attack by an assailant armed with a chopper, three Chinese women are in hospital in Kowloon at their home in Gresson Street.

Terrible wounds were inflicted by the man during his attack, in which, it is alleged, he struck repeatedly at the heads of his victims.

The alleged assailant was taken into police custody.

APPRECIATION AND
WARNING

(Continued from Page 1)

In acknowledging the timely action of Government special thanks are due to our Judges for their humane dispensations under grave handicap, to the Attorney General, Crown Solicitors and Assessors for their constructive and reasoned proposals, to Mr. J. P. Braga for his indefatigable and critical pleading, to all signatories of the Petition and, as always, to the candid Press. Nor must we omit the great majority of recognised realty agents, who were "playing the game," as simple comparisons will show.

I am confident with the spectre of unjust eviction effectively laid that the machinery of this Colony will move smoothly during the present abnormal period.

In conclusion, a word of warning. While hundreds of tenants will welcome Government's action as a corrective measure, there will undoubtedly be found the type of tenant who seeks to derive personal gain from a public spirited measure, for example, by extensive sub-letting under overcrowded conditions or by refusal to consider a reasonable increase in rental, when his returns or salary readily permit.

Such renegades will merit the verdict of the judge, who is empowered to grant or uphold orders for eviction in any such cases of abuse.

S. W. CLARK.

I am aware of the enactment by Government, at the meeting of the Legislative Council held on the 1st June, of legislation on the subject.

I have the honour to be, Sir,
Your obedient servant,
(sd.) J. P. BRAGA.

SOVIET MILITARY
MISSION FOR
CZECHOSLOVAKIA

Moscow, June 3.

That in the event of the tension increasing in Czechoslovakia, a Soviet Russian military mission would be sent to Czechoslovakia, was the decision reached at a conference of the Soviet General Staff last night, attended, amongst others, by representatives of the Central Committee of the Party, members of the Council of Peoples Commissars and Comintern, according to well-informed circles here.

It is anticipated that the Deputy Voroshilov and the former Chief of the military district Kiew, Fedko, would lead the mission.

Several members of the Czech section of the Comintern would travel to Prague. (Transocean).

for half the night in supplementation of the Colony's Police.

But apart from regular duties of that nature the members of the Police Reserve. I am glad to think, act up to the idea that they are never off duty. During 1937 some 15 Constables were specially commended by the Commissioner for zeal and alertness when out of uniform or for timely help to the Regular Police on various occasions. That is a fine record for one year! I feel confident that 1938 will show no diminution of your energy and devotion.

DUTIES HEAVIER

Owing to the present stress through which Hong Kong is going, caused by the war between China and Japan, your duties and responsibilities are liable to be heavier than usual but I am confident that whatever the call you will stand the strain well.

It gives me much pleasure to see here today the two Honorary Commissioners of the Chinese and Indian Companies, Dr. Tso and Mr. Abbas Khan. It was, I know, due principally to the former that the Chinese Company of this citizen force came into being; the latter has always loyally supported the Indian Company. These two Companies today form the main strength of the Force.

FLYING SQUAD

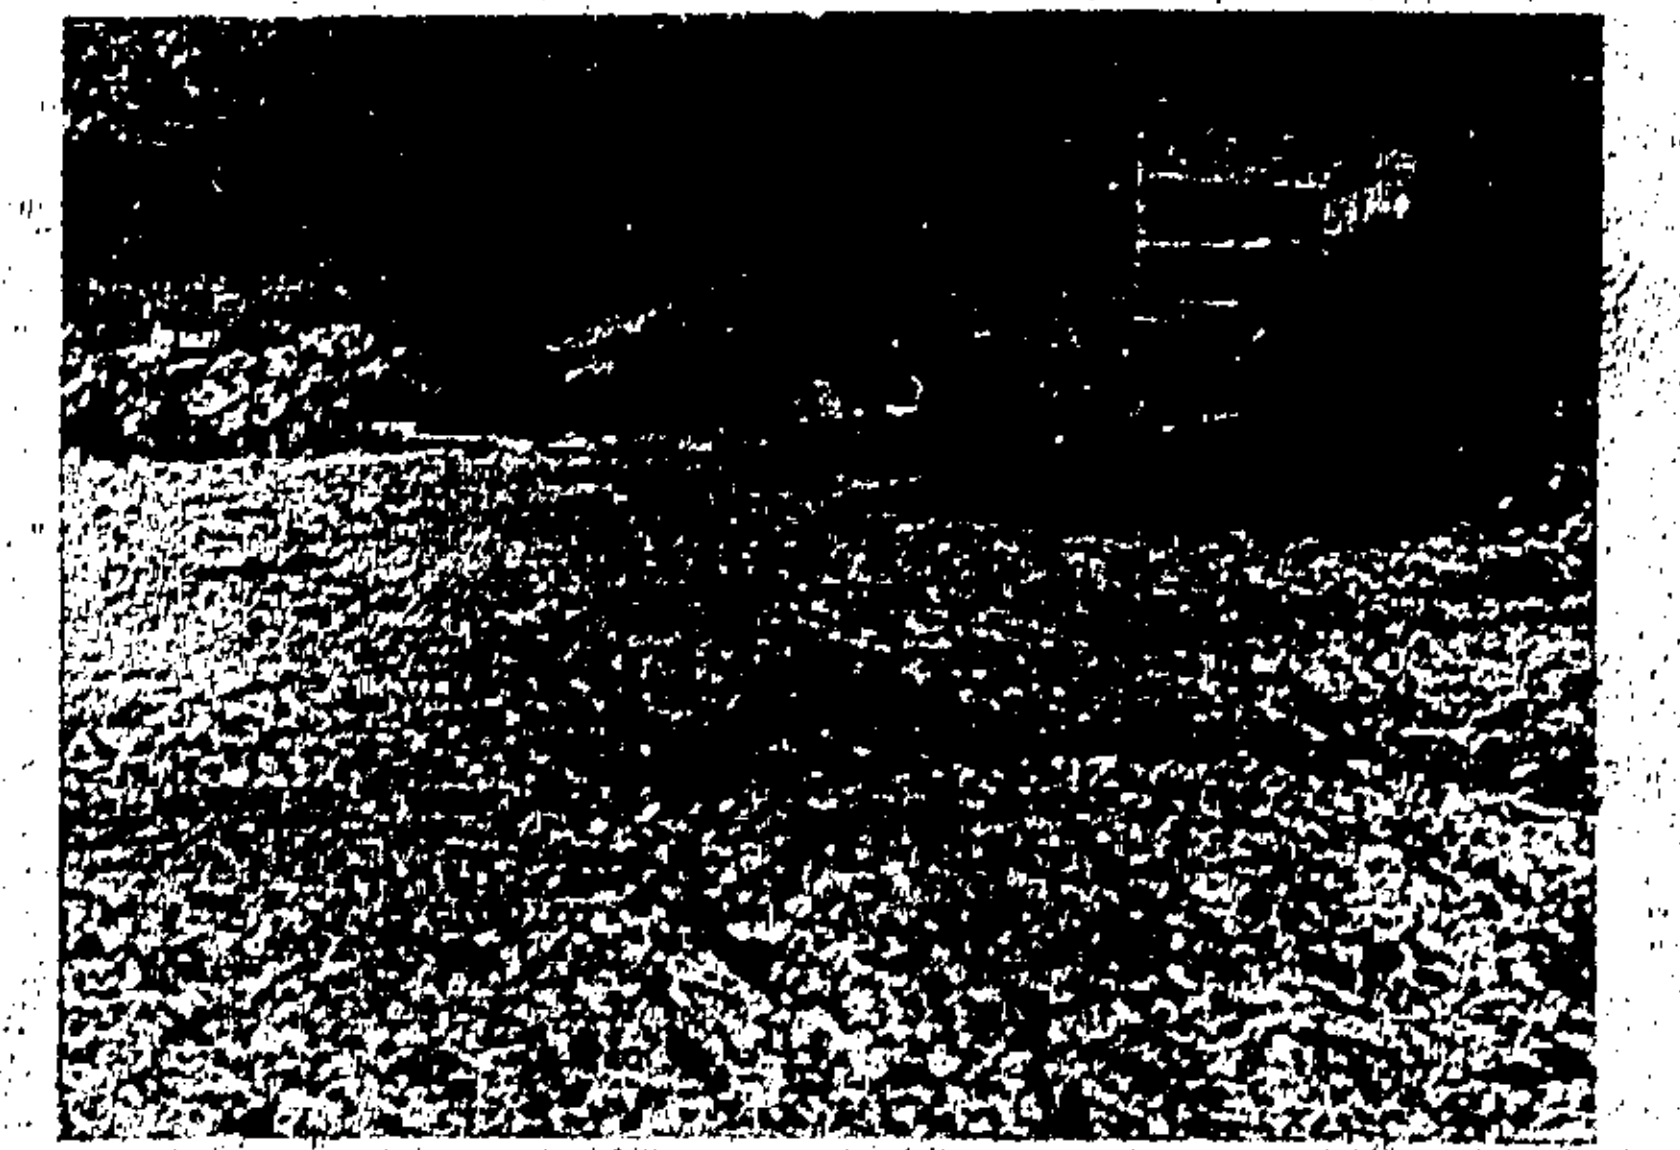

The Flying Squad has done much useful service in traffic control on many occasions during the year; it is a valuable adjunct to the regular constabulary in that connection.

I am sorry to learn of the drop in numbers of the Emergency Unit. New duties, connected with Air Raid Precautions, are likely to devolve upon the Unit and it is of very great importance therefore that its strength should be renewed.

Officers and men of the Police Reserve. I thank you for your excellent work during the past year and I wish you all good luck in the days before us.

Sir Geoffrey Northcote also paid an official visit to the Hong Kong Fire Brigade, following the parade at the Police Headquarters, and displayed very keen interest.

CHINA MAY RELUCTANTLY BE FORCED TO STRIKE BACK AT JAPAN FOR CALLOUS BOMBINGS

DR. KUNG DISCUSSES THE CURRENT SITUATION BROUGHT ABOUT BY WAR

Hankow, June 3. That China may be reluctantly forced to strike back at Japan for the indiscriminate bombing of Chinese towns was disclosed by Dr. H. H. Kung, President of the Executive Yuan and concurrently Minister of Finance, in an interview granted to Mr. Edgar Ansel-Mow, well-known American journalist, who is visiting China as delegate of the International Peace Campaign.

"The killing of non-combatant civilians goes against every Chinese instinct," said Dr. Kung. "Besides, we have no quarrel with the innocent people of Japan; we are fighting only their frantic militarists. But you know that thousands of our helpless women and children have been wantonly bombed and massacred by the ruthless Japanese, contrary to all rules of international law and humanity. If this continues, we may have to strike back."

PROBLEMS DISCUSSED

Hankow, June 3. The attitude of the United States, Great Britain and France toward Japanese aggression, the changes in the Tokyo Cabinet and the possibility of Japan's offensive against South China, were also frankly discussed by Dr. Kung.

Dr. Kung asked, "If the United States, Great Britain and France really want peace and security, why don't they get together and take a positive stand against this menace of the world? Then they would not only avoid having to fight for their own security at some future date but would restore peace to this troubled world."

"If the three countries were to tell Japan to stop her aggression, the Japanese militarists, however reluctantly, would have to pull in their horns. The trouble is that people in the Western countries don't really understand the mentality of the Japanese militarists."

ARAKI'S FRANTIC IDEA

In your opinion, what is the meaning of the recent changes in the Japanese Cabinet?" Mr. Mowrer asked.

"On the surface, the recent changes are aimed at strengthening the Cabinet," said Dr. Kung. "In reality they show Japan's growing internal weakness and betray her apprehension of the critical situation. Generals Ugaki and Araki, because of their experience and knowledge, are considered by some to be more moderate and sane among the Japanese militarists. But, individually, General Araki is noted for his frantic idea of combatting Occidental civilisation and for his hostile attitude towards the Western nations. Both he and General Ugaki are strong supporters of the doctrine 'Asia for the Asiatics' and they are especially hostile to the Soviet."

SOUTH CHINA OFFENSIVE

"Will there be a simultaneous offensive against South China?" "Probably. Such an offensive will only be the carrying out of the Japanese programme for southward expansion. The Japanese have long cast covetous eyes not only on the richness of South China but also on the prosperous possessions of the foreign Powers further South."

"How far is the Japanese civil administration effective in the occupied areas?"

Dr. H. H. Kung

"Not at all effective. The Japanese are able to hold the occupied areas only by force, but their military occupation is floating, so to speak, and is limited to within a radius of, say, not more than 10 miles of the important railways and highways they hold at the moment."

DISORGANISED CURRENCY

"What about the currency in these regions?"

"There are five or six kinds of currency and you can imagine the chaotic and deplorable state of affairs. There is the Japanese yen, theoretically redeemable in gold. Then there are the notes of the Bank of Chosen, theoretically redeemable in silver. But in order to cash these notes, the owner must go to Japan to collect. Consequently they are not redeemable at all."

"The third sort of money are simply military notes issued by the military with no backing at all and forced down the people's throats at the point of the bayonet. Then there is the so-called 'Federated Reserve Bank' of the puppet regime set up by the Japanese. These notes have no backing but are rendered current by police force."

"Then, there are, of course, Chinese legal tender notes which, being good money, are held by the Chinese like treasure. Finally, the fact that these Chinese notes enjoy virtually a premium gives rise to notes counterfeited by the Japanese."

Hunt For Kidnappers Intensified

VILLAGE LIKE ARMED CAMP AS CIVILIAN POSSE GROWS

Princeton, Florida, June 3.

Naval and private planes today joined in the search for "Skeegie," son of the wealthy Miami oil dealer, James Cash.

Sixty-five boats are searching the 1750-mile coastline, and a crew of divers, including a woman, is searching inland streams and water-filled quarries.

Two thousand searchers, either going by motor car or on foot, are combing the 80 square miles of snake-infested territory. Princeton village, which has 600 inhabitants, is like an armed camp. Uniformed war veterans, many armed with pistols, and searchers dressed in hunting gear are seen everywhere. The Red Cross has established kitchens to feed them.

Edgar "Ike" Hoover, Federal G-men Chief, is supervising the man-hunt.

A reward has been offered of double the value of the first 100 ransom notes found to the finder of Skeegie.

SPOKE TO KIDNAPPER

A negro handyman, tenant of a shack where one of the first ransom notes was found under a porch, told detectives today that he had spoken with the kidnapper and would be able to identify him by the foreign accent.

The negro was taken to headquarters and heard suspects talk, say the investigators, but no confession was obtained. Another negro said that late on Saturday night a man stopped his car and offered him \$100 to take a note to Mr. Cash. The negro refused and later became so terrified that he fled from home.

The note was later found under the door of his house. Skeegie's uncle is directing him to the negro's shack where the first ransom note was found.—(Reuter).

(Continued from Page 1)

"As a result of the raids on May 28, 29, and 30, approximately 450 people were killed and 1,000 injured," said the Premier.

NO MILITARY IMPORTANCE. "Reports indicate that whatever may have been the objects aimed at, most of the bombs fell in places which cannot be considered as being of military importance," he added.

"No refugees were evacuated from Canton by British warships as a result of the air raids," continued Mr. Chamberlain. "No reports have been received of Britons being killed or injured."

JOINT REPRESENTATIONS

Mr. Arthur Henderson, Labour M.P., suggested that the British Government should approach the Nine-Power Pact signatories with a view to making joint representations to Japan.

Mr. Chamberlain: I would do anything that I thought would really be effective in preventing the Japanese Government from sanctioning bombing and raiding of this character, but I am not sure that that particular course would be effective."

Mr. G. Le M. Mander (Liberal): Apart from holding up our hands in honour, does the Government propose to do anything at all?

Mr. Chamberlain: If we could hold up our hands to other people, we certainly would do so.—(Reuter).

MENACE"

"Gambling has become Public Enemy No. 1 in this country," said Mr. B. Seebohm Rowntree, the industrialist and sociologist, speaking on "The Condition of the People," at the Mansion House, Portland-place, W., recently.

The lecture was one of a series arranged by the Liberal Party Organisation.

"The immediate hopes of a vast majority of the public today," said Mr. Rowntree, "are centred on the chance of spotting the correct results in next week's football pool, and winning £30,000."

"At any rate, millions of them are paying, on the average, 2s 6d a week in trying to do that, and the only thing that 99,999 per cent of them will ever get out of that payment will be the satisfaction of knowing that a few

TWENTY-FIVE
"DUCKS"

IN A DAY

After the heavy scoring in the early part of the cricket season the bowlers had matters much more their own way recently, and in the seven matches in which play was possible 25 batsmen were dismissed without scoring.

In the Kent v. Gloucestershire match nine "ducks" were recorded, and a similar number was made in the Surrey v. Derbyshire game.

pool promoters are having to pay stiff sums in super-tax."

Mr. Rowntree added that the growth of gambling throughout the country was a national menace. It was encouraged by promoters of greyhound racing tracks and football pools for personal gain, and those in authority were making no attempt to check it.

BARBED WIRE
FENCE BETWEEN
PALESTINE AND
TRANSJORDAN

Jerusalem, June 3.

It is declared here that not only the northern frontier of Palestine, but also the frontier between Palestine and Transjordan, is to be protected by the erection of a barbed wire fence charged with a high tension of electric current.

The erection of such a barrier in the north, it will be recalled, has been decided upon to put an end to smuggling money, arms and propaganda material for recruiting volunteers from the Lebanon Republic and Syria into Palestine.

The barrier on the Transjordan frontier will serve a similar purpose. A barbed wire fence on the Transjordan frontier will follow in the course of the River Jordan from the Lake Tiberias to the Dead Sea. It is estimated that the erection of such a fence on the Transjordan frontier will cost about £50,000.

About 1,000 Jewish workers are at present engaged in the erection of the barbed wire fence on the northern frontier and the British authorities expect that the northern barrier will be completed by the middle of July.—(Transocean).

Japan Monopolizes North China Trade

Hankow, June 3.
The following figures obtained from authoritative sources concerning the value of principal articles imported into Tientsin, China, during the first quarter of 1938 indicate in a striking manner how Japan is almost monopolizing the import trade of North China following its military occupation of that region.

For purposes of comparison, figures for same imports from certain other countries are given. In the following table, Japan is used to include Korea, Kwantung and Formosa.

ENGINEERING NOTES FROM GREAT BRITAIN

An Auxiliary Service Vessel

One of the auxiliary service vessels, ordered under the 1936 Naval Programme and laid down by John I. Thornycroft & Co. Ltd., at their Southampton Works in the following year, will shortly enter into service. H.M.S. "Lassoo", as the vessel is named has a length of 180 ft., a displacement of 900 tons and a speed of 13 knots.

The name "Lassoo" was carried by an "L" class destroyer in the Great War. This vessel struck a mine and was lost in the North Sea in 1918. Fortunately the mine was an isolated one and not part of a large minefield, so that another destroyer, the "Lance", was able to rescue the survivors.

A NOTABLE NAME

This latter vessel also came from Southampton, as she was delivered by Thornycrofts just in time to be the first destroyer to open fire in the War. The name will be carried on in the Navy, as it is to be borne by one of the new "L" class destroyers that are to be ordered under the 1937 programme.

TRINITY HOUSE DUTIES

The second of the Trinity House vessels to contain A.E.C. machinery is the Diesel-electric tender "Patricia", placed in commission last February. The duties of this ship are to make inspection tours round the coast of Britain, relieve lightship crews, maintain buoys etc.

"Patricia" has a gross tonnage of 1,150, a length of 218ft. and a speed of 14 knots. English-Electric Diesel engines drive the generators supplying current to the main propulsion motors. The A.E.C. 6-cylinder oil engines, developing 100 h.p. at 1,850 r.p.m., are coupled to two 60 kw. generators which supply power for the auxiliary machinery and other services.

They are similar in most respects to the units fitted on the Trinity House pilot cutter "Vigil", the first high-speed, multi-engine, Diesel-electric craft of its type, although in the latter case three engines and generators supplied current for the propulsion motors.

edge of the green at the 17th hole.

Thomson's hitting and iron shots were beautiful.

C. B. Yates and R. E. Billows (America) led Alexander Kyle and Stowe (Britain), five up.

The cards were:—

Yates and Billows: 4, 4, 5, 5, 4, 4, 3, 4, 4, 4, 3, 4, 6, 4, 4, 5, 4.

Kyle and Stowe: 5, 5, 5, 4, 6, 5, 4, 3, 4, 4, 4, 5, 4, 4, 6, 5, 3.

Kyle's form was disappointing; his driving erratic and putting weak.

Billows struck the pin with his second shot on the 12th green.

Yates missed a foot putt at the third hole and on the 14th green he failed to sink of a putt of a few yards.

L. G. Crawley and John Pennink (Britain) led Reynolds Smith and T. Haas (U.S.) three up at the 18th.

BENTLEY'S GESTURE

Heavy rain fell at lunch time but there was sunshine again for the final round. Members of both teams were introduced to the Duke of Kent, who is captain of St. Andrews, before the resumption.

There was an extraordinary incident at the twenty-first hole and should have lost the Americans the hole but Bentley (England) graciously conceded a half.—(Reuter).
